

Pipe Bands Australia Inc. Victoria Branch

SUMMER SCHOOL COMMITTEE EXPRESSION OF INTEREST

Pipe Bands Australia has selected Melbourne as the location for proposed summer schools to be held between 2017 and 2020 and is forming a committee to be responsible for the planning, organisation and presentation of the school.

National conference has adopted the committee model proposed by the Principal of Drumming that includes two members of the committee to be based in Victoria for the duration of the current agreement.

Pipe Bands Victoria now invites expressions of interest for its members for consideration of appointment to the PBA Summer School Committee. It is expected that those agreeing to consideration will be available to contribute to the planning of the summer school and also be available both in the period leading up to its presentation and during the week-long school.
